

Daily Operations & Project Summary

Comprehensive overview of site development, livestock care, and facility maintenance.

GOLF PROJECT

Greens 3, 5 & 7

Soil levelling & grass planting

DAILY MILK PRODUCTION

7.5 Litres

Morning: 4.5L | Evening: 3.0L

CANINE TRAINING

All Dogs Active

New "No Picking" & Stay Drills

EXECUTIVE VISITORS

3 Guests

Meeting & Land Tour with Mr. Joe

1. Golf Project (Macheru World of Golf)

Green No. 3 levelling, turf planting on Greens 5 & 7, and site tree felling

Overseen by: **Ken**

Green Construction & Site Maintenance

- Green No. 3 Earthworks & Levelling:** Stripped topsoil was moved and surface levelling was actively executed on Green No. 3 utilizing a team of **10 workers**.
- Turf Planting (Greens 5 & 7):** Planting of grass was carried out on **Green No. 5** and **Green No. 7** by **1 worker**.
- Site Clearance & Tree Felling:** Tree felling and foliage removal operations were conducted across the project grounds to clear site lines and boundaries.

Golf Project Visual Documentation

Green No. 3 — Top Layer Removal & Levelling

Moving stripped soil and levelling Green 3 (10 workers).

Green No. 3 — Levelling Detail

Sub-base surface preparation and levelling work.

Grass Planting — Greens 5 & 7

Turf planting in progress on Green 5 and Green 7.

Tree Felling & Foliage Clearance

Clearing trees and foliage across site boundaries.

2. Farm Activities & Facility Operations (Chaka Farms)

Dairy production, fertilizer room maintenance, farm transport, and canine unit

Dairy Production

Overseen by: **Kamandau**

- **Milk Production Summary:**
 - • **Morning Yield:** 4.5 litres
 - • **Evening Yield:** 3.0 litres
 - • **Total Daily Milk Collected:** 7.5 litres

Facility Maintenance & Storage Management

Overseen by: **Ken**

- **Pumice Spreading:** Pumice was placed and spread around the dog kennel area for ground stabilization and cleanliness.
- **Fertilizer Room Cleaning:** Storage space was organized and the fertilizer room was thoroughly cleaned.
- **Drum Container Ventilation:** Fertilizer drum containers were opened for 5–10 minutes to allow proper ventilation.

⚠ **Facility Maintenance Alert**

Sink Leakage: A leakage has been identified on the sink in the fertilizer room requiring repair attention.

Facility Upkeep Visual Documentation

Pumice Spreading at Kennel

Spreading pumice around the dog house perimeter.

Fertilizer Room Cleaned

Fertilizer storage space fully cleaned and organized.

Fertilizer Drums Ventilation

Drums opened for 5–10 minutes for container ventilation.

Sink Leakage Identified

Leakage on fertilizer room sink noted for plumbing repair.

Logistics, Material Transport & Equipment Care

Overseen by: [Kinoti](#)

- **Manure Transport:** Moved 1 trip of manure from the livestock shelter directly to the shamba.
- **Chain-Link Fence Transport:** Relocated **10 rolls of chain-link fencing** from the golf fence area to Chaka Farm.
- **Gate Relocation:** Transported a gate from the golf area to Chaka Farm.
- **Tractor Lubrication:** Applied **3 litres of CC oil** to the tractor for routine maintenance and protection.

Transport & Equipment Visual Documentation

Manure Transport

Transporting organic manure from shelter to shamba.

Fencing Transport (10 Rolls)

Moving 10 rolls of chain-link fence to Chaka Farm.

Tractor CC Oil Application

3 litres of CC oil applied to tractor engine/system.

Landscape Irrigation

Overseen by: **Mwangi**

- **Palm Tree Irrigation:** Routine watering of compound palm trees carried out to support healthy growth.

Canine Health & Training Update

Overseen by: **Willy**

- **Kennel Sanitation:** Kennels cleaned and fresh drinking water provided to all dogs.
- **Full Unit Active:** **ALL dogs were active in training today** (including Coby and Logan).
- **New Command ("No Picking Off Ground"):** Introduced a new command preventing dogs from picking objects off the ground — dogs responded very well.
- **Stay Command Drill:** Practiced stay command drills across the group; overall obedient, though Coby and Logan demonstrated a lack of patience.
- **Off-Leash Goat Socialization:** Conducted off-leash walking while socializing with the goat herd.
 - • **Mali & Zara:** Require closer supervision when around goats.
 - • **Other Dogs:** Exhibited zero interest in the goats and behaved calmly.

Training Video Footage

3. Executive Engagements & Site Tour

High-level meetings and guided land tour with executive leadership

Visitor Reception & Land Exploration

- **Executive Meeting: Mr. Joe Mucheru (Boss)** received **3 visitors** on site and hosted a formal strategic discussion.
- **Guided Land Tour:** Following the meeting, Mr. Mucheru led the visitors on an extensive tour of the property to visually demonstrate site features and explore development possibilities discussed during the meeting.
