

Daily Operations & Multi-Site Summary

Comprehensive overview of site development, farm operations, residential maintenance, and security monitoring.

GOLF PROJECT

Greens 2 & 3

Levelling done & drone mapping

DAILY MILK PRODUCTION

6.5 Litres

Morning: 4.0L | Evening: 2.5L

KABETE RESIDENCE

Roof & Tank

Main house painted & tank redone

SECURITY STATUS

All Quiet

Chaka Farms (Brookside area)

1. Golf Project (Macheru World of Golf)

Green No. 3 levelling, Green No. 2 topsoil stripping, and aerial drone mapping

Overseen by: Willy

Green Construction & Drone Survey

- Green No. 3 Levelling Completed:** Final grading and levelling of Green No. 3 was successfully completed.
- Green No. 2 Topsoil Stripping:** Stripping of the topsoil layer on Green No. 2 was initiated and completed today.
- Aerial Drone Site Mapping:** Conducted comprehensive aerial mapping of the project using drones to capture terrain imagery and spatial alignment.
- Turf Irrigation (Greens 5 & 7):** Systematically irrigated and watered Green No. 5 and Green No. 7 to support grass growth and root establishment.
- Pending Soil Transport:** Relocation and moving of all stripped topsoil is currently in progress and will be finalized in upcoming sessions.
